

HORSE SALE WILL BE PREMIER WILL ASK EXPRESSION OF OPINION FROM SUPPORTERS

Indications that the Lacombe Horse Sale, to be held at the Central Alberta Sales Pavilion Tuesday and Wednesday, will surpass all previous records, is evident from the large number of entries already received, according to the secretary, Jesse Fraser.

The listings up to Wednesday night totalled over 500 and as previous years have always shown listings to be extremely heavy a few days prior to the sale, it is anticipated the number will exceed 600 head before closing date.

The large number of enquiries received from Eastern and Western Canada and the United States indicates the great interest of buyers and the popularity and notability of Western Canada's largest Horse Sale.

The sale, which is held on the map in all corners of the continent and will be the "mecca" of scores of horse sellers and buyers next week.

Legislature Open With Customary Pomp: Six Bills Amending Laws Get First Reading

By T. B. WINDROSS
EDMONTON, Alta.—The Alberta Legislature opened the third session of the Social Credit administration Thursday of last week with the customary pomp and circumstance. His Honor Chief Justice Harvey officiating in the absence of Lieutenant-Governor Pringle, who is still ill.

The House passed loyal messages to Their Majesties George VI. and Queen Elizabeth, and also passed a resolution, paying tribute to the worth and memory of the late Senator Patrick Burns of Calgary, who died in the week. The reply to the speech from the throne was moved by Dr. J. L. Robinson of Medicine Hat, and J. V. Boudreau of Lac Ste. Anne. Six bills amending existing laws were given first reading Friday afternoon, and the House adjourned to Monday.

The speech from the throne forecasts important legislation for the coming year. It will pass them and among the acts to be brought down will be one to establish a marketing board to stabilize prices on Alberta products. An act to establish an export-import bureau will be introduced also, which will be the central of key stone in the new economic system when it is put into operation.

White Wings Play Gas Rangers Here Thursday

The Junior White Wings tackle the Edmonton Gas Rangers here Thursday night for the Junior A class championship of Northern Alberta. The game promises to be a real battle throughout and it is believed the ice will be in fair shape for the play-off game.

The game is the first of a series of two to be played here and the local juniors are train to go and are given a good chance to upset the old apple cart and take the Edmonton team into camp.

The winner of this series will play the winner of the Drumheller-Medicine Hat series for the championship of Alberta. How Drumheller, although a new team, has won two weeks ago, entered the Southern section of the play-offs, nobody seems to know.

Local Scouts Hosts To Prov. Secretary

W. S. Backman, provincial secretary of the Boy Scouts, paid his first visit to the Lacombe troop on Tuesday evening.

Mr. Backman was presented to the boys by President T. W. H. Lewis. After the introduction, Mr. Backman gave an address on Scouting and showed the local Scouts many interesting and educational pictures of Scouts and Scouting all over the world.

The natural color pictures of the Provincial Scout Camp at Sylvan Lake were particularly interesting. There were also a number of pictures of the Scout Scout (Lord Baden Powell), who passed his 80th birthday on Feb. 22nd.

The pictures showing camp life of the boys were most instructive to the local Scouts. As the Lacombe troop have been fortunate in securing a camp site (by the kind permission of Mr. Smith) on the banks of Crescent Lake, which will be called "Camp Crescent" and will be used for week-end camping by the boys.

Mr. Backman visited each pack and was very pleased with the progress the boys had made. He also complimented Scoutmaster G. Edginton and his assistants, Les Mathison and Red Reed, on the splendid work they are doing. He wished G. Utas the best of luck and success in his leadership as Scoutmaster of the newly-formed "Wolf Cub Pack."

After the pictures were finished Mr. Lewis thanked the troop for presenting him with his badge of office.

The meeting closed with a prayer by Rev. W. E. Herbert and "God Save the King."

The boys are to be complimented on their progress and the smart manner in which they are securing their uniforms. The enthusiasm displayed proved the boys are interested in Scouting and they intend to merit the support that has been given them by the people of Lacombe.

Local Curlers Travel To Red Deer Bonspiel

Two rinks from the local Curling Club travelled to Red Deer Tuesday evening to get in their first games in the Red Deer Bonspiel. Both rinks were beaten in the play, but J. S. McCormick went an extra round before being sent down to defeat.

The rinks were made the trip south again to battle it out for the losers' trophy in the bonspiel. J. S. McCormick's rink lost out and J. McCormick's rink lost out and J. McCormick's rink lost out.

Quinta's Doctor Ill

Physician to the famous Quinta Quintapinto, Dr. A. E. Davis has been admitted to the Toronto General hospital suffering from a severe attack of influenza. The doctor was in Toronto, Canada, on his way to his home in the west. Dr. Davis gave no broadcast from his hotel but following his removal to the hospital his wife have been cancelled for sometime.

Load of Wood Hit By Locomotive

A load of wood, stuck on the railroad crossing beyond the Experimental Farm, was struck by the 12:40 train from Calgary Wednesday afternoon. The sleigh, owned by T. N. Lett and driven by Phillip Shaw, got stuck on the tracks and the train was unable to move the load. T. Lett, driving another sleigh some distance in the rear, upon hearing the whistle of the oncoming train, ran up to Shaw's drais and unchained the team while Shaw flagged the train.

The locomotive struck the sleigh, throwing it into the ditch beside the tracks and scattering wood along the railroad for a short distance. The sleigh was badly smashed.

The engineer apparently saw the train and stopped the train for some distance and evidently thought the crossing was clear when he saw the train moving away. Just before reaching the load, the brakes were applied and the train practically stopped as it hit the sleigh.

Local Curlers Wish A. Belcher Luck

A message of congratulation and good luck was sent to Art Belcher, P.E.I. representative in the Macdonald-Brier curling tournament, by the members of the Royal Bank of Canada in Lacombe and late members of the local curling club, Wednesday afternoon. Prominent curlers among the wires, which read as follows:

Macdonald Brier Play-off.
Toronto, Ont. (By tele.)
Congratulations on your promotion to Big Time. In trying to account for last night's success, especially that six and, hear that, you are a curler, "Too heavy" Andy, "Missed the middle rock" Perry, "By godfrey he missed the broom" Dave, "Landed a little" Herb, "Not enough island champagne" as Calder would say, "Just a yard short" or was it a Dunaway. Revere, straight, name holding a tea in honor of Alex. Thursday you ought to be tough for Manaham. Here's hoping.

(Signed) Sage, McCormick, Todd, Vickerson, Taylor, J. Gilmore, Percy Parsons, Morrison, Boyd, Jackson.

Wetaskiwin Knocks Lacombe Team Out Of Prov. Play-offs

Intermediate Division 7-2 and 10-4 in Games; To Hang Up Skates For Season

The local Intermediate hockey team can hang up its skates and hockey bats until next year so far as league games and play-offs are concerned. Knocked out of the Black Cap provincial play-offs this week by Wetaskiwin, the team will likely disband for the winter. Odd exhibition games, however, might be played.

On Monday night's largest crowd of the season (over 500) turned out to see the local outfit take it on the chin by a score of 7-2. Also Sawchuk, Lacombe goalie, was the busiest man in town as he stopped pucks from all angles. Wetaskiwin's finish around the net showed up clearly as shots rained on the Lacombe goal.

They Started Fast
The Colonels started the game skating at a fast clip and had the Lacombe defence baffled by their clever passing plays. Two goals were notched up against the local team before the end of the first period.

Shortly after the opening of the second period, with Wetaskiwin a modest 2-0 lead, the power play, its players peppering Goalla Gleson from all angles, and did everything but score. Shortly after, with both sides at full strength, Wetaskiwin banged in two more counters to make the score 4-0. When Frizell for Lacombe and then Brown for Wetaskiwin were punished, the local boys again put on the pressure and it looked as if Penman had scored from a shot from the boards. The referees, however, over-ruled the counters.

Colons Score Three More
In the third period, with Lacombe playing four men up, Wetaskiwin scored three goals, every way from the Lacombe power play, which netted the local team two counters.

Hefty body checks, high sticking and frayed tempers crumpled into the game towards its close, but the bell rang before hostilities broke out in earnest.

TUESDAY NIGHT GAME

In Wetaskiwin Tuesday night, the Colonels countered 10 times to the Lacombe boys' four. Wetaskiwin scored once in the first period and this goal was balanced by Goalla Gleson's early in the second period. Wetaskiwin came back in waves, however, to give Abe Sawchuk a series of headaches to score three times before the end of the third period.

Penman's goal early in the third period made the score 4-2 for Wetaskiwin. Eight more goals were notched before the end of the game, Goalla and S. Todd tallying for Lacombe and Wetaskiwin countering these goals by banging in five scores.

Around the Town

Mr. T. Wilks returned yesterday from Calgary and Olds, where he spent a few days on business.

Mrs. George Holson entertained the members of the Monday night bridge club at her home. Three tables were in play.

Earl E. Scott has received a letter from James W. Nichol, an old-timer and rancher of the Lacombe district of 45 years ago, who wishes to be remembered to all his old friends.

Miss Lydia Heath from Wetaskiwin was visiting with her sister, Mrs. Gordon Brown, for a few days during the past week.

Mr. and Mrs. Stafford Boyd were guests at the Macdonald Hotel, Edmonton, over the week-end.

The Modern Mamas' bridge club held at the home of Mrs. Max Frizell on Monday night. Honors were won by Mrs. E. J. Edginton and Mrs. H. T. Laughlin.

The Women's Auxiliary of St. Cyril's Church, Lacombe, are holding a tea in honor of St. Patrick on Saturday, March 13th, in the Adelphi Hotel. There will also be a sale of home cooking and needlework.

Mrs. Arthur Cottrell and Glenn have returned from a visit with Mrs. Cottrell's mother in Calgary.

Blasting at Town Grave Pit, F. Christian Injured

Received Full Force of Explosion; Eye Specialist Believes Sight of Eyes Will Be Saved

Injured in an explosion at the Town grave pit last Thursday morning, F. Christian is expected to retain the sight of both his eyes. Immediately after the explosion, Mr. Christian was sent to Edmonton and given over to the care of Dr. M. R. Levy, eye specialist, of that city.

Blasting with stumping powder, Mr. Christian received the full force of a blast in his face, lacerating his head with innumerable pellets of grave and sand, and blinding him completely for some time.

Considering the circumstances, it is remarkable that Mr. Christian's injuries were as slight as they were, as the accident might have ended fatally.

W. A. DeGeer of Lacombe was an eye-witness of the accident and made the following statement:

Statement of Wm. A. DeGeer
About 11:15 o'clock, the forenoon on Feb. 25th, 1937, I was working at the gravel pit owned by the Town, situated about 1 1/2 miles west, in company with Frank Christian. The foreman, Lloyd Hoppus, was not there, he having taken a load of gravel to Town about 9 o'clock. Lester Steers and Roy Baines, two other teamsters on the work, had also taken loads out shortly after Hoppus.

Christian dug a hole and placed a charge of four sticks of 20 per cent stumping powder in the bank of the pit, about six feet up from the pit level in the northeast corner of the quarry. He had a 2 1/2 pi-20 length of fuse fastened to the pit. He then came out of range to the cook house, which is situated distant about 100 feet up on top of the ground level and around a shoulder of the pit, out of danger.

We talked for three or four minutes to allow the fuse, which is supposed to burn at the rate of one foot per minute, to reach the charge. No explosion occurred during that time. I employed my time in cutting some kindling and firewood for the non-day lunch as it was past 11 o'clock, and we stood by the cook house for several minutes waiting for the blast. Still none came. In my judgment, fully ten minutes elapsed from the time Christian applied the fuse to the hole until he said to me, "I'll go down and see what is the trouble."

He walked straight across to the place where the charge had been laid and picked up a piece of fuse. He held it up to me, saying, "I guess the fuse was broken," and threw it away. He then picked up a shovel and started to dig up the loose material with which the charge was packed. He had made two or three strokes with the shovel when the explosion occurred, blowing him into his face. I rendered what first-aid I could. He was able to walk so I got him to the cook house and put on his coat. I then led him down the road to the highway about half a mile distant. I saw a car coming toward town and it flagged it down. The driver stopped and drove us to Dr. Hyslop's office, where we arrived about 11:45.

I immediately ran over to him and picked him up. He was conscious. A lot of dirt and gravel had been blown into his face. I rendered what first-aid I could. He was able to walk so I got him to the cook house and put on his coat. I then led him down the road to the highway about half a mile distant. I saw a car coming toward town and it flagged it down. The driver stopped and drove us to Dr. Hyslop's office, where we arrived about 11:45.

The first regular meeting of the re-elected council will be held on Saturday, March 13th.

N.B.—It was erroneously reported in last week's issue of the Western Globe that Albert Parker was appointed delegate to attend the hall convention in Calgary. This should have been "Albert Hall was appointed delegate."

Spruceville

SPRUCEVILLE.—Don't forget the Junior U.F.A. meeting will be held on Saturday, March 13th, at Rice's. Sawing is the order of the day now and three or four rigs are busy in the district.

Remember the dance sponsored by the Juniors at the Hall on Friday, March 12th.

Mrs. Dale Brown of Montana and Mrs. Shepler of East Coulee have left Proudfoot to return to their respective homes.

Mrs. H. P. Peterson spent a week at Proudfoot, helping to nurse Mrs. Proudfoot, who is now much better.

Mr. and Mrs. Heath were guests of the Grand U.F.A. local at their annual oyster supper on Tuesday night. Over 100 sat down to a splendid feast, followed by meetings and an interesting program.

Mrs. Wm. Marshall's baby had to have its glands lanced recently. We wish her a speedy recovery.

The U.F.A. hall met at the Heath home on Tuesday night, March 9th. Delegate's report and other interesting business. Visitors welcome.

Chop Mill Installs New Machinery

Coming back strong after his chop mill burned down a few weeks ago, E. C. Chapman informs the Western Globe that he has installed a new 18-inch double motor striction grinder, which is turning out a wonderfully fine grade of chop for hog feeding at the Lacombe Flour Mill.

It is an up-to-date machine, giving such speed that customers can secure feed while they wait, which is a great convenience. It is unfortunate that the burning of the old chop mill has caused so much inconvenience, but the plant now in operation is not only a big advantage to local feeders but is also an added asset to the town and municipality.

The regular meeting of Social Credit Group No. 1 is being held in the Town Hall Monday night, March 8th. The president will give a talk on "co-operation."

Mrs. Henry Howe entertained the members of the Happy Eight bridge club Tuesday afternoon. Honors were won by Mrs. W. H. Clarke and Mrs. Ray Bulle.

Mons Hero Dead

Outstanding Canadian Soldier and leader of the Canadian troops in the capture of Mons in 1918. Major General Sir Frederick O. W. Loomie died in Montreal following a heart attack.

Commander of the 2nd Canadian Division during the war, he was born at Sherbrooke, Quebec, in 1870. At the age of 14 he enlisted as a private in the 3rd Regiment.

Councillors of M.D. of Crown Re-elected

The elections in Divisions 1 and 2 of the Municipal District of Crown, held last Friday, re-elected Mark Armstrong and O. W. Huenelshauer to the council.

Mark Armstrong, in Division 1, was returned with a substantial majority over F. J. B. Sissons, polling 132 votes out of a total poll of 160. The voting, by polling places, was as follows:

	Armstrong	Sissons
Jones Valley	56	22
Canyon	21	2
Eureka	19	3
Brookfield	36	1
	132	28

Division 2 Election

In Division 2 O. W. Huenelshauer was returned by a substantial majority, polling 112 votes out of a total poll of 181. George Wadley, his opponent in the election, polled 69 votes. The balloting by polling places was:

	Huenelshauer	Wadley
Blackfalds	46	49
Aspenland	22	15
Cross Roads	30	14
Poplar Ridge	24	0
	112	69

The first regular meeting of the re-elected council will be held on Saturday, March 13th.

N.B.—It was erroneously reported in last week's issue of the Western Globe that Albert Parker was appointed delegate to attend the hall convention in Calgary. This should have been "Albert Hall was appointed delegate."

Men's Club To Meet Tuesday

An interesting program is being lined up for the Men's Club meeting which will be held at the Church Hall next Tuesday night, March 9. Members are kindly requested to take note and a good attendance is anticipated.

Do You Remember-- 'Way Back When?'

Mornings Mourns Mrs. Murdock's Death

Deep gloom was cast over Morningside and the surrounding district when it became known that Mrs. Charles Murdock of Kelowna, B.C., had passed away after a few days' illness due to pneumonia.

Mrs. Murdock (nee, Elizabeth Pawcett) was born in the Milton district and lived in that community almost continually until attending high school in Lacombe, and after completion of her studies there, in the Norma School, Camrose. She taught school in Southern Alberta until her marriage to Charles Murdock in November, 1928.

Moved to Kelowna
Overseas service during the Great War was a factor in Mrs. Murdock's decision to move to Kelowna in a precarious condition and it was with a hope of recovering a measure of health that he, with his wife and family, went to Kelowna last May.

Mrs. Murdock gave herself freely to the support of everything which was for the good of the community and had for several years been an efficient member of the Morningside W.M.S., of which body she formerly was secretary-treasurer and then president.

The funeral was held from St. Andrew's United Church, Lacombe, on Monday, Feb. 22, with the Revs. R. B. Layton and A. J. Perrie officiating.

Funeralbearers were: Peter Hill, Geo. Brooks, Otto Flegel, E. Ochs, Nelson Flevelling and R. Rhabottom. In addition to her husband, who was seriously ill at Kelowna, and her parents, the deceased is survived by her three children, Kathryn, nine years; Marie, seven, and Helen, four years; and also four brothers and two sisters William, Murel, Glendon, Fred and Edith of Bluffton, and Mrs. Maurice Leges of San Francisco.

Spring Valley Ladies' Aid Holds Concert

The annual concert held by the Spring Valley Ladies' Aid on Friday, Feb. 26th, was most successful. As a result of good weather conditions, a fine audience attended, which thoroughly appreciated the entertainment offered.

Amusing comedy was contained in the three plays given, "Sewing for the Heavens," "Pat's Matrimonial Adventure" and "Uncle George Pops Out." These were interspersed with delightful musical numbers consisting of songs by the Misses McElroy, accompanied by their father on the violin, and a duet by Miss Dorothy Call and Gordon Call, with violin accompaniment. Gay musical operas, the program with some very fine violin selections.

Members of the Ladies' Aid appreciate greatly the generous efforts of everyone who contributed to the success of the evening.

Work Must Be Found

Through jobs men and women are insured against privation and kept off relief. Jobs enable them to hold up their heads among their fellow-beings, to be self-supporting, to maintain homes, to educate and raise families.

With the exception of Alberta, the Dominion has made substantial progress in the past year in the matter of increased employment. In fact, 60,000 jobs have been made available to Canadians in 11 months, or thereabouts. On every hand—with the exception of Alberta—there is a definite upward swing in the employment pendulum.

What is our situation here? According to statistics issued for the week of December 12, 1936, Alberta had 2,694 more jobs than for the same week of 1935.

The fact is that the present policy of debt repudiation has not increased employment, but has increased unemployment. If our men and women are to be found jobs, as men and women are finding jobs in other provinces of the Dominion, the credit of Alberta must be restored.

This statement is one of a series written by The Mortgage Loans Association of the Province of Alberta. The Association is composed of 34 member companies. It represents hundreds of thousands of small investments by typical Canadians. Its loans to citizens of Alberta amount to some forty-five million dollars. (The eighth statement in this series will be published in two weeks.)

LOANS To Finance Home Improvements

FIRST decide what improvements you wish to make to your home—then get an estimate. Plumbing, heating and electrical contractors; builders, painters, decorators, architects and supply firms all stand ready to help you determine the cost.

With your estimates ready, call at any branch of The Royal Bank and discuss your plans with the Manager. Loans to finance home repairs, improvements or extensions can be arranged by anyone of good credit standing able to repay out of income. No security or endorser is necessary and repayment can be made by monthly instalments spread over one to three years.

Ask at any branch for free booklet "Loans for Home Improvements." It gives full information about the Home Improvement Plan of the National Employment Commission.

Sunny Crest Specs

By SPY

SUNNY CREST.—Wednesday night, Feb. 25th, proved a bright moonlight night for the skating party at McLaughlin Beach. A large number of young people were out to try their luck. Afterwards, games were played for a while at Mr. Mathews' and refreshments were served.

On Thursday night a group dropped in and surprised Karl Kamiah on the occasion of his 67th birthday, Feb. 26th.

Friday, Miss Thelma Barry and her brother Forrest went to Meadowbrook district spend the week-end. We have a new family in our district—Mr. and Mrs. J. Moffat are living in the home of Cecil Taylor. Mrs. Gordon Gilbert was home for a few days with her mother, Mrs. Ahe Saunders.

Mrs. Met Morris had her mother visiting her for a few days. J. Morris is having his sale this month, so we will be losing a neighbor soon.

Tonight for the Sunday service March 7th will be "The Proper Way to Dig Ditch." There will be communion service, March 5th, at the home of H. Woods. Mr. Mathews will speak on the 20th chapter of Revelations.

Canadian Girls' Marriage Annulled

Princess Erik

King Christian X of Denmark has annulled the marriage of his cousin, Princess Erik, and the former Frances Lois Booth, granddaughter of the late J. R. Booth, Ottawa, Canada, lumber king. Married at Ottawa on Feb. 11, 1934, the couple had spent most of their time on a California, U.S.A., chicken farm. The prince and princess had petitioned the king to annul the marriage some time ago but it was believed the king was attempting to dissuade them from the step. The former Ottawa girl was a member of the Danish royal house and will lose her titles of princess and Countess of Rosenborg. The couple have two children, a son age seven, and a daughter four.

Grain on the Hoof Proves Profitable

During the last few years, hogs have been the most profitable product of the average farmer.

According to the Dominion Experimental Station, Lacombe, the greatest profit is reaped by the consistent pork producer, who raises pigs steadily year after year, slightly increasing or decreasing his sow herd to meet current market or feed conditions.

During the depression years, a great many farmers started to raise hogs to pay their grocery bill. Now, with the return of good prices for grain, there is a danger that these men will discontinue their swine breeding operations, which would be a fatal error.

Quota Should Be Filled
One reason for this is the necessity of filling the British quota; but that is a subject which cannot be satisfactorily dealt with in a few short paragraphs. In this news letter the matter is approached from the viewpoint of the individual producer—the year's activities on a straight dollar and cent basis.

Experiments at Lacombe have proven that even with present good prices, feed grain may be marketed more profitably through the packing plant than through the elevator. At times of writing, the Calgary street price for feed wheat is 79c and for 5 C.W. barley 63c. Extensive work at Lacombe has shown that, with hogs selling at \$7.50 per hundred (the current quotation) frozen wheat fed to swine may be sold at 89c and feed barley at 82c per bushel.

Of course, when the select grade is secured, returns are more higher. Thus, it is possible to make a profit of at least 10c per bushel on low grade wheat and 20c per bushel for barley on the hoof.

Present prices for barley, our main hog feed, are unusually high. There is much more likelihood that they will drop than that the price for pork will break. Hence, even if grain prices remain high, they can still be bettered by marketing via the hog route; and if prices for grain slump, the farmer who has kept his sows and has hogs for market next fall will have a very profitable outlet for at least part of his grain crop.

Lincoln

LINCOLN.—There will be a dance held in the hall on March 12th under the auspices of the Junior U.F.A. Roth's Orchestra will furnish the music.

Mrs. Will Dool has returned to her home in this district after spending the past two months with relatives at Buck Lake.

Mrs. Gordon Gilbert of Delburne spent a few days last week with her parents, Mr. and Mrs. A. Saunders.

A number of Lincoln hockey fans attended the hockey match at Lacombe last Friday evening and reported a good game.

A fair crowd attended the dance in the hall last Friday night. Everyone reported a good time.

Morningside

MORINGSIDE.—Mrs. Stephens and Mrs. Brunst spent the week-end in Edmonton.

Mrs. Cecil Lewis and daughter Shirley, who have been visiting in Edmonton, returned home last week. The Good Cheer Club met at the home of Mrs. Brunst last Thursday but owing to the very cold weather, not as many were present as usual. Arrangements were made to put on a whist drive in the near future, when a beautiful silk Dresden plate quilt will be disposed of. Refreshments were served, Mrs. Preston and Mrs. Cheney assisting the hostess. The March meeting of the W.M.S. will be held at the home of Mrs. Fred Jones. Owing to the bad roads and very cold weather, there was no meeting in February.

The Argentine government has announced that no minimum price for wheat or flax will be fixed this year.

Clive

CLIVE.—On the evening of Feb. 23rd, the young people of the Baptist Church invited the Women's Christian Temperance Union and the United Church junior choir to their young people's meeting. Mrs. C. T. Coote gave a paper on "Temperance." The choir sang two selections and Mrs. Brooks gave a piano solo.

Mrs. M. C. Coote spent the week-end in Calgary with her mother, Mrs. J. T. Reynolds, who is leaving soon for a visit in Ontario.

Mr. and Mrs. A. Stumpf entertained Mr. and Mrs. H. Dills at the dinner-hour on Sunday.

Many of the farmers are busy cleaning their seed grain these nice days.

W.C.T.U. Holds Meeting
The W.C.T.U. met at the home of Mrs. C. T. Coote on Thursday, Feb. 25th. This being a Frances Willard meeting, Mrs. L. E. Bell gave a sketch of Francis' life, which was very interesting. At the next meeting there will be a study of the Labor Act and statutes for women. Anyone interested will be welcome.

There were 14 present and after the meeting the hostess served a delicious lunch, assisted by her granddaughter, Miss Jean Duffy.

Miss Esther Ditzler spent a few days in Edmonton last week.

There was a small crowd at the dance on Friday last owing to the poor roads.

Return From B.C.
Wilfred Brown and family returned Tuesday from Salmon Arm, B.C., where they have spent the winter with Mr. Brown's parents.

Wm. Pennington of Morningside is visiting at the home of R. N. Longstreet.

Mrs. H. A. Heald is ill and spent a day or two in Lacombe hospital but is now home again.

Wm. Knutson, our night watchman, has resigned, and Lewis Hechl has been appointed to take his place.

C.G.I.T. met at the home of Mrs. Drinnan this week. Miss B. Watson is the group leader and re-organized the society. Officers were elected as follows: Norma Longstreet, president; Muriel Steadman, vice-president; Margaret McGormack, secretary-treasurer.

Oddfellows lodge held a social evening at which 12 tables of whist were played. Donating followers: Prizes for whist were as follows: Ladies', first prize, Mrs. B. Kingston; gentlemen's first prize, W. Kocher; ladies' consolation, Mrs. Stockwell; gentlemen's consolation, B. Kingston.

Rimbey

RIMBEY.—Monday of last week was a big day in Rimbey, with farmers gathered from far and near to take advantage of the big sale of old, former holdings of the C.P.R., put on by the council of the Municipal District of Blindman.

Thirty-six of the 90 parcels offered were sold, with prices ranging from \$39 to \$200, and total sales amounted to approximately \$3000.

Names of purchasers of quarter section parcels are: Lester Skeels, Horace Collis, R. E. Wilson, C. Moch, Orville De Alley, Albert Belue, A. G. Oulivie, Mrs. I. W. Francis, Mrs. John Grayden, Peter Chubb, V. Troitsky.

R. E. Burns, L. Pope, S. Osokin, C. B. Davidson, Robert McDowell, Alfred Young, E. J. Smith, Person Brothers (O. and A.), O. H. Fawcett, Lacombe; George Edward of Chiswell; James E. P. Potholain, and Albert Albright, Ponoka, purchased two quarter sections of land each, while Eugene Skeels of Rimbey purchased three, and Otto Jensen of the Homestead district, north-east of Rimbey, bought four quarters.

Relief Costs Given
Relief and hospitalization cost the Rimbey district, \$3581 during the past year, it was reported by Reeve W. F. Jersey at the annual meeting of the Rimbey municipality.

Councillors were commended on the way they had kept expenses to a minimum. All but \$54.55 of a total outlay of \$275.55 for seed relief, had been repaid; it was revealed.

Rimbey Village school district board of trustees' organization meeting was held on Feb. 22nd. W. F. Jersey, W. E. Johnston and Dr. Earl Halpin are the members, and Mr. Johnston, who has been a trustee for 10 years, was re-elected chairman. A. B. McDonald was re-appointed secretary.

Purchase of a moving picture machine to be used for showing educational films in co-operation with the suggested plan of the department of education, was discussed.

Operations of Wheat Board Reviewed

The Canadian Wheat Board issued a report on its operations on Saturday, Jan. 2nd, in which the following information was given:

Wheat handled from the 1935 crop, 150,740,226 bushels.

Average gross selling price, 8.1, basis No. 1 Northern terminal.

Cost of operation, \$5,875,650, or 3.76c per bushel.

Average net selling price, 40.3c per bushel, basis No. 1 Northern terminal.

Loss sustained in handling the 1935 crop, \$11,553,104.

Sales, the disposition of approximately 2,000,000 bushels, all the wheat delivered from the 1935 crop was sold by July 1st, 1936.

2,000,000 bushels were sold subsequent to that date.

Between Dec. 1st, 1935, and July 31st, 1936, the Board owned and controlled 343,345,538 bushels of Canadian wheat.

At the close of this eight months' period as at July 31st, 1936, holdings were reduced to 84,000,000 bushels.

The figures in the preceding paragraph include wheat delivered from the 1935 crop and also wheat carried over from the McFarland stabilization operations; 82,600,000 bushels of stabilization accumulations were on hand after July 31st, 1936.

Wheat Sold by Board
In December, 1935, about 50,000,000 bushels of wheat were sold by the Board. 28,000,000 bushels being wheat delivered from the 1935 crop and 22,000,000 bushels being old surplus wheat.

In July, 1936, 62,300,000 bushels of wheat were sold.

In only one month between December and July did the Board dispose of more than 20,000,000 bushels of wheat, and that was in May, 1936, when sales totalled 10,000,000 bushels.

The sales policy covering deliveries from the 1935 crop was based on the determination to have no carryover into the 1936 crop season.

A necessary division of sales between the 1935 deliveries and the old stabilization wheat was made at the end of each month and each account credited with its proportion.

A necessary division of sales between the 1935 deliveries and the old stabilization wheat was made at the end of each month and each account credited with its proportion.

The World of Wheat

By H. G. L. STRANGE
Director, "Crop Testing Plant"

A new wheat variety, Reward, has beaten Marquis for the Canadian Championship at Toronto, and the World Championship at Chicago.

In the winter of 1927 the cable dispatches of North America carried the news that Marquis, seed grower and scientific agriculturist were greatly interested. All wanted to know something about the new variety.

Reward wheat, it seemed, gave kernels that were unusually hard, exceedingly uniform and blump, of a beautiful dark red color and high in weight per measured bushel. It attracted the eyes of the judges then, and has done so at every grain exhibition ever since.

Reward is the result of a cross between Marquis and Prentiss, made by Dr. Charles Saunders in 1912, and selected, as was Garnet, by Dr. L. H. Newman for test in 1923.

In addition to its magnificent appearance, Reward is even better than Marquis in milling and baking value, and as well is from 5 to 7 days earlier than Marquis.

Here at last, it seemed, was the perfect wheat for the northern country. Alas! tests eventually revealed that Reward lacked in one character—most important to the farmer—its yield was definitely lower than that of Marquis, and so it has failed, unfortunately, to fill the place expected.

Following factors have tended to raise prices—China purchases Argentine wheat; some opinions that France faces considerable inflation; too much rain falls in parts of it; France announces tariff rebate on imported durum wheat.

Following factors have tended to lower prices—Normal crop virtually assured in principal Argentine corn area; French cabinet issues decrees

Covington Clears Its Streets as Floods Subside

After days of battle against raging, disease-laden water, the men of Covington, Ky., turn to with a will and help clean the streets of their rich blanket of river mud as the roaring Ohio once more returns to its normal course.

to curb any rises in prices; quality of southern hemisphere wheat crops well above average; beneficial precipitation in U.S. southwest; Argentine wheat offered for resale at prices lower than quoted by shippers; continued large wheat shipments, particularly from Argentina, to Europe.

Life would grow tiresome if it had no rough spots to make us appreciate the smooth. —Baldorogran.

Tractor School Attracts Close to 500 Farmers

The Tractor School sponsored by the Massey-Harris local agents, Brown and Todd, on Saturday, Feb. 27th, was a decided success. The approximate attendance being 500. J. J. James, blockman, officiated as chairman of the affair, which was held in the Central Alberta Sales Pavilion, where a one-way disc and seeder and a Model 28 tractor were on display and the object of much interest.

Speaking on types of machinery required for proper development of agriculture, J. E. Clarke of Edmonton, said new features were built into machines only at the demand of the farmers. He said Massey-Harris were the largest builders of farm machinery in the British Empire, and paid tribute to the Dominion Experimental Station at Brandon, whose experts supplied much valuable information was gained by manufacturers of farm machinery.

R. M. Armstrong went over the one-way disc, pointing out new features developed since the first machine was manufactured four years ago. The M-H disc, he claimed, is the only make featuring the automatic alone jumper.

Recommends Rubber Tires
E. Fitzgerald went into detail regarding the tractor and its equipment, which his company has spent 20 years developing from its original design. Recommending rubber tires at giving increased traction and decreasing fuel consumption, the speaker believed that in three or four years time there would scarcely be a steel-wheeled job going on to the farm.

C. E. Todd, on behalf of the local agents, thanked the speakers and lecturers and also the farmers who attended.

Following the lectures, reels depicting farm machinery at work and close-ups of their manufacture were shown, which coffee and doughnuts were served to the crowd.

FATHER AND SON BANQUET HELD

The two Trail Ranger groups, led by Stewart Chapman and Don Wilks, staged the first big event since their organization last fall when they held the usual Father and Son banquet on Friday evening, Feb. 26th.

Following the opening sing-song, Stewart Chapman, a very capable chairman, called upon Rev. R. B. Layton, who explained the program of the groups, showing its advantages over all other programs for youth. Experts who had before them all these other programs, saw to one that touched the four-fold nature of the boy, and made plans so that he could be developed physically, mentally, socially and spiritually. That is why the Canadian Standard Efficiency Test surpasses any other plan.

Rewards in the shape of badges, are given to those who pass the test. He referred also to the camp program. Experienced leaders, a majority of them being university graduates, take charge of the groups, and a full line of activities is provided. The Gull Lake camp is one of the best equipped in Alberta.

Millon Uno and Ben Cragen then proposed toasts to the boys' groups, after which Reggie Wilks did the honors to the fathers. On behalf of the latter, L. P. McKinnon replied. H. E. Wilson moved a vote of thanks to the ladies who had prepared the banquet.

New Yorker: Joseph Tipaldo, the Brooklyn-born boy who brought the suit which used the New York minimum wage law, has had to go out of business. The state government stopped annoying him, but so did the customers.

Tees Tattle Tales

By TATTLE TRES.
The big show, which has been looked for since last October, arrived on Monday, March 1st, and wet feet are the order of the day for the men, and house cleaning seems to be in for it among the women, if it is the number of carrels hanging out on lines and lines indicates anything.

Mr. Dye and son from Langdon, Alta., arrived in town over the weekend and are heading out a lot of cattle which have been feeding here during the winter.

Mr. B. B. MacMillan and family are spending a few months in Edmonton while Mr. MacMillan is busy with his seasonal duties.

Mr. Nelson is contemplating giving lessons on "wireless" over the radio. Any young man who happens to be interested in wireless can call on him and ask questions, which he says he will answer. There will be no charge for those interested.

Mr. Manolson, of Kline & Son & Manolson shipped two cars of cattle and Mr. Herrington shipped one car. (The old stockyard fences were greased and hauled with the cars of cattle in them at one time). Stockmen say that the moderate weather of the past two weeks has helped the feed situation out wonderfully and that no severe shortage is anticipated.

Very Close Scores
At a well attended card party and dance last Friday, a goodly amount of card playing ability was displayed by the contestants, the scores being the closest in the years. There were only 14 points between the high lady and low lady, and 12 points between the gentles. Mr. and Mrs. Goldbrook topped the two high prizes, and the ladies' consolation was carried home by Miss Brunner and the gentles by Mr. Brunner.

The latter himself fell so down in the month last week that he failed to mention the curling ability displayed by the Test boys at the All-County. One team skipped by Tom Cunningham made the best finish but the curling of the Test boys fell by the way-side early in the week.

To Present Show Friday
Friday night, March 6th, will see what all the practicing has amounted to—that is, the practicing that the older young people have been doing during the past winter, preparing themselves for the big three-act play. If the time spent in reviews and rehearsing is any indication the show should be a real wow.

The younger-people will hold their regular Saturday night as usual in the United Church.

WESTLING

WESTLING—Harold Summerville journeyed to Edmonton on Monday. He sure and attend the card party in the Westling Hall on Saturday, March 6th.

We are sorry to hear Mr. May, Sr., has been very ill lately.

Mrs. D. Will motored to Ponoka

and Himey with Mr. and Mrs. Wm. Taylor on Friday.

The English Church W.A. is sponsoring a supper in the Clive Hall on Wednesday, March 6th. They are hoping for a large crowd.

Miss Gladys Jephtha, Howard and Mrs. Jephtha motored to Red Deer on Thursday.

Miss Bertha Hopkins returned to Edmonton on Tuesday from her home here.

Slave Trade Still Thrives in Year 1937

LONDON.—Stubborn survival of the slave trade in parts of Africa, and progress toward its suppression in others, are disclosed in reports from several authoritative sources.

A British report to the League of Nations charges the existence of a slave route in the mandated territory of French Cameroons, where the slave trade is strictly prohibited as in all mandated areas under the Covenant.

High Profile Made
From the Sudan Government comes word of anxiety over increased temptations to engage in slave traffic, due to the "exceptional profits" made by the camel-owning tribes of the Sudan during the Italian invasion of Ethiopia.

Along the Red Sea, slaves from Arabia are still seeking refuge at the British Legation in Jiddah, Downing Street has informed the League.

In the Sudan, despite sporadic cases of internal kidnapping, the Government reports progress on the whole in its anti-slavery drive.

Persecuted in Africa
Ever since the abolition of the slave trade to the American colonies, it has seemed to be Africa's lot to retain this scourge. Today, practically nowhere else are there any slave raids except on the "Black Continent."

A British Government report from Nigeria discloses that the Slave traders are mainly Shuwa Arabs, Kanembus and Mandars. They sell their victims to the people around Lake Chad and to the merchants of Wadai, Kanem and Tibesti. The slave routes start from Maidaura in the French Cameroons. They lead to Lake Chad. Traffickers travel by night. By day they hide their slaves in the bush.

Protected by British
Most of the victims are children—sold by their parents because they are afraid of the slave raiders. The year of 1933, for instance, led to increased traffic. Today, there is greater co-operation between the mounted, native police patrols and the French officers. But occasionally, there are still secret abductions of slaves from the Sudan and other parts of East Africa across the Red Sea to Arabia—last profitable dumping ground of the slave dealers.

During the last five years, the British Minister in Jiddah—Mecca's seaport—freed 145 slaves who fled to him for protection under the British flag. Some of these slaves had broken with their captors right across Africa.

Some had gone to Mecca on pilgrimage, only to be clamped into servitude. So now there are schemes for the protection of Nigerian pilgrims—yet the majority of the poorer pilgrims still prefer to travel by dhows or native boats across the Red Sea from Italian Eritrea—at their own risk, carrying no passports.

Expatriates in Benue
Writing of the Idoma division of Benue Province, Southern Nigeria, a British district officer stated: "It has been said that every Idoma is a potential slave dealer and there is much truth in the statement. The male children are generally retained solely as financial assets and the 'bride-prices' to be received from men on marriage are matters of deep family concern. 'Bride-price' to 'slave-price' is but a short step. Similarly, boys who have no marriageable value may be turned to profit as the slave market at times of financial crisis."

In Benue Province 42 persons have been convicted of slave dealing during the last five years. While the officers are continually on the alert for signs of the traffic, but it is difficult to stamp it out entirely among primitive people in very thickly wooded country. As many as 60 complaints of kidnapping have been made in a single month.

Kidnapers dispose of their captives principally among tribesmen persons—especially in Gbaja Province. Generally, the children are treated as members of the family and in no sense as slaves. In Gbaja Province, girls are sometimes dedicated to a fetish. On coming of age they marry the fetish priest and become his wives.

Anglo-French Co-operation
In the adjoining mandated territory of British Cameroons, the 1924

report stated that before that date the slave trade was in a "quiet state." The 1923 report said that slave raids were frequent. Latest reports show that such cases are rare.

Five new police posts are co-operating with the French in intercepting the traffic. Here again, one of the sources of trouble is pagans in one territory selling their children to another for small sums in guise of marriage—usually when there is a famine.

In the Belgian Congo, the Government declares that there may still be clandestine transactions, "though these are assuredly rare."

Main Routes Watched

In the French Cameroons, several notorious traffickers were arrested in 1934. The police in Nigeria, Sudan, French Equatorial Africa and French West Africa are keeping a close watch on the main routes followed in the past by "brigands" and slave dealers. Similar co-operation is hoped for between the French and Spanish authorities in the Sahara region.

Spanish Morocco is the only territory which does not come under the anti-slavery convention of the League. Because of Muhammadan law, it is assumed that slavery still retains a legal status in this un-administered territory. Nor is there recent information regarding the interior of Liberia. In Ethiopia, Italy has "emancipated" all the slaves in the regions it has conquered—Italians estimate they may have to deal with 1,000,000 slaves. A single penny has been set aside yet to give substance to the Duce's decree of emancipation.

500 HEAD

Thirteenth LACOMBE Annual

HORSE SALE

Two Days TUESDAY and WEDNESDAY

MARCH 9 and 10, 1937

COMMENCING AT 10:00 A.M. EACH DAY

In the New Heated Sales Pavilion

LACOMBE, ALBERTA

SELLING 500 HEAD OF HEAVY DRAFT AND AGRICULTURAL MARES AND GELDINGS,

WEIGHING FROM 1200 TO 1800 POUNDS

Practically all of the Horses are contributed by some farmer or breeder in the Lacombe District.

They are mostly all Horses Broken, in first-class condition and ready for Spring work. We are offering as good, if not better Horses at this Sale than at any previous Sale held, and we are delighted at the response of the contributors to put nothing into this Sale but the very best they have. This Sale affords an excellent opportunity for buyers who would like to buy one or more car loads of Horses that are good enough and are in condition to go into any market.

These Horses are not put into this Sale to be sold, but to sell, as every buyer who has attended a Lacombe Sale will tell you. WE SELL THEM!

ALSO SELLING—Same time, same place Two Car Loads of well bred YOUNG HORSES and COLTS, Hatter Broken only.

Horses will be in the Barn on day before the Sale for inspection. Sale management will attend to the Loading and Shipping of Horses purchased at the Sale, Free of Charge. You are very cordially invited to attend this Sale—we feel confident that offering will please you.

Gull Lake

GULL LAKE.—Congratulations go this week to Mr. and Mrs. Ed Miller on the birth of a fine baby boy. Mrs. Miller and son returned home Tuesday.

Jim Hansen celebrated his birthday Thursday, Feb. 25th. The guests were Mr. and Mrs. Carl Madson and Mr. and Mrs. L. Cabelka.

Mrs. Cabelka, Sr., and Mrs. B. Warcham held their annual party at the latter's home on the occasion of their birthdays.

Mrs. Cabelka entertained Mr. and Mrs. Cabelka, Jr., Mr. and Mrs. Madson and Mr. and Mrs. Jim Hansen at dinner on Friday, Feb. 26th.

Don't forget the "Pie Social" at the Gull Lake School on Saturday, March 6th. Everyone welcome. Ladies, please bring cups and pie.

Mr. Alex Sheehan is working for Mr. E. C. Moore.

Miss Florence Sheehan is working in Calgary.

Miss Peggy Gibson spent most of last week with her parents. She got "leave of absence" because of an injured wrist.

Many young people gathered at Gull Lake school Saturday, Feb. 27th, for a skating party.

The Cabelka family spent Sunday at the home of Mr. and Mrs. Hans Hansen.

Don Pearson and family were Sunday visitors at H. Hansen's.

Mrs. Carl Madson is staying at Mrs. Ed Hansen's while her husband is very busy in the district with his wood sawing outfit.

The school children enjoyed the holiday last week when their teacher went to bed with the flu.

Detroit Free Press: Correct this sentence: "He had a diploma from a school of journalism," said the city editor, "so I hired him."

NOTICE
There will be a School Fair meeting in the Town Hall on Saturday, March 13th, at 2:30 p.m.

MRS. W. CHESSOR, Secretary. mfc

NOTICE
In the Estate of MARSHALL WAREHAM, late of Portland, Oregon, one of the United States of America, Legatee, Decedent.

TAKE NOTICE that all persons having claims upon the estate of the above named Marshall Wareham, who died on or about the 24th day of November, A.D. 1936, are required to file with the Administrator, by the 30th day of April, 1937, a full statement duly verified of their claims and of any securities held by them and that after that date the Administrator will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed or which have been brought to their knowledge.

DATED this 22nd day of February, A.D. 1937.

WHITE & DAVIES,
Solicitors for the Administrator. mfc

DOWAGER QUEEN ATTENDS FILM PREMIERE

For the first time since the death of King George V., the dowager Queen Mary is pictured in public. This photo was made as her safety left the London theatre where she attended a performance of "Dressing Lips" in aid of a slum clearance project. Next day she attended a showing of the new Canadian epic, "The Great Barrier".

How to Increase Bee
Profits During Winter

The busy season for the beekeeper is over. With the honey crop harvested and the bees snugly packed away for the winter there will be considerable spare time during the next five or six months which the beekeeper could profitably use by getting in touch with his fellow workers, either by personal contact or through the medium of literature.

Winter time is convention time, when producers of all kinds gather together for the purpose of discussing with each other the various problems connected with their particular industries. Several such conventions are held for the beekeeper and many an idle hour can be pleasantly and profitably spent in attending them.

Many a time the writer has heard beekeepers remark that certain information picked up at conventions has more than repaid the cost of attending.

In addition to the conventions and association meetings, there are also a number of short courses for beekeepers given by some of the agricultural colleges. Although these courses are especially prepared for beginners, the experienced beekeeper may also find them profitable, and those who can afford to do so are well advised to attend them. Convention and short courses are not the only sources of information, for numerous books and journals which should be present in every beekeeper's library are available at low cost. These can be obtained through any dealer in bee supplies in Canada. In addition, bulletins and pamphlets dealing with different phases of beekeeping may be obtained free of charge from the

Publicity and Extension Branch, Department of Agriculture, Ottawa, and also from some of the Provincial Departments as well. A few hours in contact with other beekeepers and a few more hours spent in reading is time well spent, both pleasantly and profitably.

Wedding Anniversary
Celebrated at Bentley

BENTLEY. — In honor of their parents, Mr. and Mrs. Wm. Surraat, who celebrated their 25th wedding anniversary on Feb. 28th, Mr. Donald and Miss Fern Surraat entertained at dinner at their home near Bentley on Monday last.

Covers were laid for ten and a prettily decorated wedding cake centered the dinner table.

Following the dinner, about 50 friends and neighbors of Rainy Creek and Bentley district appeared on the scene as a reminder of the date.

The evening was spent in community singing, card playing and dancing.

Mr. F. W. Thorp, on behalf of the company, presented Mr. and Mrs. Surraat with a chest of silver, with best wishes for their future success and happiness. Their marriage took place at the home of Mrs. Surraat's parents, Mr. S. M. and the late Mrs. Burger, who at that time resided in the Rainy Creek community. Mr. Surraat having travelled from Iowa for the occasion.

Within a few days they went to Iowa, where they remained about two years, when they came to this district, which has since been their home.

In 1921 they purchased the farm, 2½ miles from Bentley, where they now reside. They have two children, Donald and Fern.

Premier Will Ask

Expression of Opinion
(Continued From Page One)

day he announced at his Prophetic Bible Institute meeting and over the radio that he was keeping his promise to tell the people if he had found it unable to pay dividends within 15 months and ask if they wanted him to continue trying.

He gave them until the first week in June to give an answer by means of resolution or letter, but stated he would not be guided by resolutions from opposition sources which had nothing to do with his promise or his election. He promised he would abide by the will of the people if they want him to resign. But he made it clear that in this announcement he was not resigning but, expected he could establish Social Credit in Alberta if given the time and support and co-operation he needed. His appeal was exclusively to the Social Credit groups in Alberta.

It is not expected that the Legislature will last long this year as the government is not preparing many bills to be presented and it is said in informed quarters that the government is trying hard to have its estimates and budget presented late this week. This means that the speech from the throne debate will be of brief duration. The Opposition parties both say they will not delay the House in proceeding with its business.

Much interest already is being taken in the announcement that Premier William Aberhart will be the representative of Alberta at the Coronation of King George VI. in May. Already the Premier is receiving invitations to address meetings in London during his stay there and it is likely he will comply with these requests. He will be accompanied by Mrs. Aberhart.

There are 16 newspaper representatives in the provincial press gallery at the Legislature this session. In

former years, two or four have done the work, but this session many papers in the East, Britain and America are represented by writers and the doings of the Alberta government and Legislature are being called all over the world.

Bing Crosby At
Avalon This Week

A double bill which fairly screams of good entertainment is being filmed at the Avalon Theatre this week. Bing Crosby's latest hit, "Pennies From Heaven" leads the bill. In this show a new Bing Crosby sings his way to success with "Pennies From Heaven," "One, Two, Botton Your Shoe," "Let's Call a Heart a Heart" and other musical hits. Madge Evans, his leading lady, turns in an A-1 performance. Critics claim it to be the best Bing Crosby performance to date.

Joe E. Brown in "Sons of Gona" will split your sides with laughter in the other half of the twin bill. His funny antics and wild cracks will please even the most critical of audiences.

BANDY LEGGED
"Why was Smith, the goaltender, dropped from the hockey team?"
"Well it seems he took up horse-back riding."

Card of Thanks

I wish to express my gratitude and appreciation for the confidence shown in me at the polls on Friday, Feb. 26th. I would like to assure the citizens that I will do all within my power to justify this faith in the coming years.
